中科監察研究員潘麒智指出：「本港雖然連續三十日新冠肺炎本地零確診，但新一輪社交距離措施只作微調放寬，並維持限聚令、口罩令、餐飲場所等社交距離措施，而餐飲業務亦繼續維持現時的規定及限制。按現時離地的安排，相信措施往後仍會選擇性以『啣牙膏』方式微調。我希望市民繼續包容，勿作無理反對。」

KC Poon, researcher from the CHINAT Monitor, observed, “Although there have been zero local COVID confirmed cases in Hong Kong for 30 consecutive days, the latest social distancing measures have only been relaxed very slightly. Group gathering ban, mask order and social distancing measures in catering outlets have not been changed. The existing requirements and restrictions for the catering business remain the same. It seems that current impractical and ‘off-the-ground’ arrangements will only be fine-tuned selectively and ploddingly. I hope the public would continue to tolerate them and refrain from making unreasonable objections.”
