獨立評論人潘麒智指出：「內地與香港疫情防控工作對接會議昨日在深圳舉行，內地專家與本港官員商討逐步有序恢復通關所涉事宜及面對的風險。政府同時亦會多管齊下，安排12至17歲青少年接種一劑復必泰疫苗。我期望政府為市民生計和福祉着想，盡快解除限聚令，讓民生重回正軌。」

Independent commentator KC Poon observed, “A meeting on the anti-epidemic work of the Mainland and Hong Kong was held in Shenzhen yesterday. Mainland experts and our government officials discussed in detail matters related to the resumption of quarantine-free travel in a gradual and orderly manner, including the risk of quarantine-free travel. The government is also taking a multi-pronged approach to arrange for young people of age 12 to 17 to receive a dose of the BioNTech vaccine. I hope that the government would lift the restriction on gathering as soon as possible, so that people can resume their normal life.”
