獨立評論人潘麒智指出：「政府因應防疫政策制訂的每個措施，無可倖免都會影響業界生意，業界根本無商榷餘地，只能服從。業界人士一般傾向配合相關措施，與內地通關後，政府可以放寬現有防疫措施，包括4人限聚令及食肆營業時間，如容許B類食肆晚市堂食延長多一小時。令業界可以趕及聖誕新年做生意，盡快恢復營商環境。」

Independent commentator KC Poon observed, “Every measure formulated by the government in response to the epidemic prevention policy will inevitably affect the business of the industry, and the industry has no choice but to comply. The industry is generally inclined to support the relevant measures. After the border resumption with the mainland, the government can relax the existing anti-epidemic measures, including the four-person gathering restriction and the opening hours of restaurants, such as allowing Category B restaurants to extend their evening meal for an additional hour, so that the industry can do business in time for Christmas and New Year and restore the business environment as soon as possible.”
